HOUSE RULES AGREED

A 35:35 tie scores nothing for either player.

Counting your Card Points

Before you count. You play alone here, so the pile is simply everything you took.

1. Count the cards in the pile, then divide by three and round to the nearest whole number. That is your **base count**.
2. Go through the same pile and add up the pips printed along the card sides. That is your **pip count**.
   each King +4 · each Trull card +4 · each Queen +3 · each Cavalier +2 · each Jack +1 · everything else 0
   The Trull is the Skus, the Moon and the Pagat.
3. Add the two counts together. That is your side's **Card Points**.
